Commissioners' Report.

To the Citizens of Sullivan County:

The undersigned Commissioners of Sullivan County respectfully present this, their Annual Report, for the fiscal year ending April 30th, 1888, with the reports of the Superintendent of the County Farm and other County officers.

COUNTY FARM AND ALMS HOUSE.

This Institution has been in charge of the experienced Superintendent, Martin A. Herrick, and Mrs. Herrick as Matron, this being their third year in this Institution, and we, having confidence in their ability and care for the inmates, have retained them for another year. A wood-shed costing two hundred dollars, was much needed and has been built.

FINANCIAL CONDITION.

The financial condition of the County remains about the same as last year, with this exception : instead of having about three thousand dollars in the treasury, you will see by the Treasurer's Report, it is nearly empty ; you will see by looking over the Pauper accounts, they have largely increased in

the last year, and, also that the County has had to pay for re-copying and re-binding Records, \$2,580.56. It should be remembered by the citizens that at the Convention in 1885, the Convention only raised the sum of \$17,000.00 for each of the fiscal years ending April 30, 1887 and 1888, but at a Convention holden at Newport, an addition of \$2,220.00 for the year ending April 30, 1888, was voted to be raised, making the sum raised for the fiscal year ending April 30, 1888, \$19,220.00. The County of Sullivan owed the Citizens' National Bank of Newport, \$5,000.00, which the Treasurer paid in September, 1887, but at the January Term of Court, it was evident that the County must have more funds and the Treasurer succeeded in procuring a loan of \$5,000.00 at 5 per cent. per annum, which will become due in September, 1889.

The damage by fire to the Register of Deeds office when the former Court House was burned, June 21st, 1885, proves to be quite an expensive one to repair, as some four thousand dollars (\$4,000.00) have already been expended, and it is thought that as much more will be needed to complete the same. But few of the Records were entirely destroyed.

Physician's Report.

To the Commissioners of Sullivan County:

During the summer, and fall there was very little sickness among the inmates of the County Farm, but owing to the severity of the winter and the protracted cold, many of the aged and feeble were more or less affected. In the very aged and those whose previous lives had been subject to much exposure, the attacks seemed to take a very sudden and severe form, and before help could be received they had succumbed to its effects.

Taking into consideration the amount of sickness that prevailed throughout New England during February, this increase at the County Farm is a small ratio in comparison. There was an unusual number of very old people affected, two that died were aged 90 years, nine out of the twelve were over 76, and one aged 68 was paralyzed and had been bed-ridden for a long while, one 40, had been subject to Epilepsy since childhood and was insane, and one 35 was killed by being kicked and died day after admission. The average age of

those that died was over 83, and their complaints were diseases incident to their age or to the final yielding up of nature. In such an Institution it is very rare to find so many aged people in proportion to the whole number. The greater part seem to be enjoying every comfort of life, notwithstanding the custom among paupers of always being dissatisfied. When sick, the attention given and the warm, comfortable and evenly tempered rooms, have done much to alleviate the suffering and made a less mortality than would have been possible if they had been subject to the same conditions previous to their admission, and it is remarkable what recuperative powers many possess, and it is more remarkable when it is known what their previous life had been.

Judicious care, cleanliness and warmth, with good, substantial food, is always maintained, and many a life has been prolonged by coming under the care of this Institution. One of the most serious drawbacks that I find is the scarcity of those capable of nursing the sick, and all the care is imposed upon a few, and even these have to be watched that they do not neglect those under their care; this is no small item, and it is almost impossible for the Matron to give them the proper supervision, but all wants are looked after very carefully and none are neglected. No epidemic diseases and no cases of scabies have occurred during the year. Among the whole number of inmates there are very few healthy, able-bodied persons, and these few are either imbecile or idiotic. Taking the year as a whole, there was very little sickness, and when it is known what class of inmates are confined there, it is strange there was not more.

Respectfully submitted,

T. E. PARKER, M. D.

Chaplain's Report.

During the past year I have attended to the duties of this office according to the best of my ability.

Services have been held every other week ; but one service was missed during our hard winter. A full, free gospel has been preached, one that is able to save unto the uttermost. Certainly anything to be helpful here must be plain, pithy and to the point. We feel thankful that, according to one of the ancient fathers of the church, the Bible is a "stream where alike the elephant may swim and the lamb may wade." So while we feel that we have a peculiar parish at the County Farm, nevertheless we have a gospel able to do them good.

We have visited the sick so far as we have had time, we have distributed papers as we have had ability, and we trust that some seed may have fallen into good ground.

So far as our observation goes the inmates are taken care of as well, at least, as in the average of such institutions. While no luxuries are provided, there is an abundance of the

necessaries, and many of the comforts of life. Let the friends of those who are there, especially the friends of the aged, remember them and sometimes call and see them, for they in common with us all like to be remembered.

F. H. CORSON, Chaplain.
